What is UEMS «European Union of Medical Specialists»?
- Non-governmental organisation, UEMS has strong links and relations with European countries and institutions, with a current membership of 37 countries, 43 specialties and represents over 1.6 million medical specialists.
- The UEMS areas of expertise notably encompass Post Graduate Training, Continuing Medical Education (CME) and ensure the highest level of training which will fulfil its goal of improvement of healthcare quality delivered to European citizens.
- The European Board of Phlebology organises examinations and delivers competency degrees.

Accreditation of the SFP by the UEMS
Since Novembre 2018, the FRENCH SOCIETY of PHLEBOLOGY (SFP) has been officially accredited National Reference Training Centre in Phlebology (NRTCP) by the European Union of Medical Specialists (UEMS). The SFP becomes the main European centre in Phlebology.

Training
- Language FRENCH/ENGLISH
- 5 independent modules:
  1) US-GUIDED SCLEROTHERAPY (opening September 2019)
  2) THERMAL and NON-THERMAL ABLATION (opening September 2019)
  3) SUPERFICIAL VENOUS SURGERY
  4) DEEP ENDOVENOUS PROCEDURES
  5) DEEP VEIN SURGERY.
- Practical internships (10 centres in France / 1 Italian centre / 1 Belgian centre).
- Theoretical training: e-learning, face-to-face courses, and workshops at conferences.
- Duration 1 year (possibility of extending this duration according to the validated internships).
- Final exam organised once a year (MCQ in English only and oral).
- Total cost 1400 €: 1000 €/training and 400 €/diploma.

Registrations
- On application file.
- Only doctors or surgeons already practicing phlebology are eligible (depending on the country of origin and the desired module, the diplomas requested may vary).

Fill in your details below and leave it at the SFP stand. Registration forms will be sent to you in January.
